Review Report of Independent Accountants

The Board of Directors
Willamette River Water Coalition

We have reviewed the accompanying financial statements of Willamette River Water Coalition, which comprise the statements of net position as of June 30, 2021 and 2020, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with the accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures in the required supplementary information in accordance with Statements on Standards for Accounting and Review Services, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our review of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

The accompanying supplementary and other information included on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management. We have not audited or reviewed such information and we do not express an opinion, a conclusion, nor provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

WILLAMETTE RIVER WATER COALITION

Beaverton, Oregon

MANAGEMENT'S DISCUSSION AND ANALYSIS YEARS ENDED JUNE 30, 2021 AND 2020

As management of the Willamette River Water Coalition (the Coalition), a joint venture of Tualatin Valley Water District and the cities of Sherwood, Tigard, and Tualatin, we offer readers of the Coalition's financial statements this overview and analysis of the Coalition's financial activities for the fiscal years ended June 30, 2021, and June 30, 2020. These financial statements include this Management's Discussion and Analysis (MD&A) section to provide users of the basic financial statements with an overview and analysis of the statements.

Financial Highlights

- Net position (asset minus liabilities) was \$20,416 and \$27,535 on June 30, 2021, and June 30, 2020, respectively.
- Net position decreased by \$7,119 for the year ended June 30, 2021 and increased by \$19,426 for the year ended June 30, 2020.
- As of June 30, 2021, and June 30, 2020, the Coalition had no outstanding debt.

Overview of the Financial Statements

Taken together these sections of the financial statements provide a comprehensive financial look at the Coalition. The individual components of the report layout include the following:

- **Management's Discussion and Analysis.** This section of the report provides an overview of financial highlights and economic factors affecting the Coalition.
- **Basic Financial Statements.** This section includes the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, Statements of Cash Flows, and Notes to Basic Financial Statements. These statements focus on an entity-wide presentation using the accrual basis of accounting. They are designed to resemble more closely private-sector financial statements in that all activities are consolidated into a total for the Coalition.
 - The Statements of Net Position focus on resources available for future operations. These statements present a snapshot of the assets of the Coalition, its liabilities, and the net difference.
 - The Statements of Revenues, Expenses, and Changes in Net Position focus on the current year operating results and the change in capital as a result of the current year operations.
 - The Statements of Cash Flows focuses on how the Coalition obtained and expended its available cash and investments.

Economic Factors

Financial records are maintained by Tualatin Valley Water District (the District). Operating expenses are charged to the Coalition as incurred. Consistent with the Coalition's funding structure, administrative costs are charged to all the joint venturers.

Water Rights

On June 7, 2007, the District assigned its 130 million gallons per day (MGD) water right on the Willamette River to the Coalition. On June 21, 2007, the Oregon Water Resources Department issued the Final Order extending the Coalition's Willamette River Water Right Permit (S49240) until October 1, 2047.

Financial Contact

The Coalition's financial statements are designed to present users including taxpayers, citizens, customers, investors, and creditors with a general overview of the Coalition's finances and overall accountability. If you have questions about the contents of this report or need additional financial information, please contact the Tualatin Valley Water District's Chief Financial Officer at 1850 SW 170th Avenue, Beaverton, Oregon, 97003.

NOTES TO BASIC FINANCIAL STATEMENTS

WILLAMETTE RIVER WATER COALITION

Beaverton, Oregon

**NOTES TO BASIC FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2021 AND 2020**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Willamette River Water Coalition (the Coalition) was organized under Oregon Revised Statutes (ORS), Chapter 190 and was established by an agreement between the cities of Sherwood, Tigard, Tualatin, and Tualatin Valley Water District (the District). The Coalition is governed by a four-member board, with one member appointed by each jurisdiction. The purpose of the Coalition is to preserve access to the Willamette River as a potential municipal and industrial water source for each of the growing communities listed above. The Coalition is managed by the District.

Operation and maintenance expense is determined on a unit basis by the Coalition. Each joint venturers' apportioned share of the general administration expenses is determined by the following formula: one half of the administrative costs for the fiscal year is divided evenly among the Coalition's membership; the second half of the total administrative costs of the fiscal year is divided among the Coalition membership according to their percentage share of the total number of water meters served by the members of the Coalition as of December 31st of the preceding fiscal year. The following percentages were in effect on June 30, 2021:

City of Sherwood	15.72	%
City of Tigard	23.23	
City of Tualatin	16.29	
Tualatin Valley Water District	44.76	

Basis of Presentation and Accounting

For financial reporting purposes, the Coalition reports its operations on an enterprise fund basis. Enterprise funds (a propriety fund type) are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, liabilities, and net position associated with the operations are included on Statements of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in net position.

The accrual basis of accounting is used for financial reporting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Beaverton, Oregon

**NOTES TO BASIC FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2021 AND 2020**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation and Accounting (Continued)

The Coalition has defined operating revenues to include all reimbursements and payments received from joint venturers. Operating expenses are defined as those expenses directly related to providing services. Non-operating revenues are revenues of the Coalition not directly attributable to services provided, consisting primarily of interest income.

Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, revenues, expenses, and other disclosures. Accordingly, actual results may differ from those estimates.

Cash and Investments

Cash and investments of the Coalition are part of a common cash and investment pool maintained for all funds managed by the District. The Coalition considers these items to be demand deposit accounts, where funds may be deposited or withdrawn without prior notice or penalty. Interest earnings are allocated from the District based on the proportion of the Coalition's funds to the total of the District's funds.

Accounts Receivable

Accounts receivable are recorded as earned and no allowance for doubtful accounts is required as all receivables are due from the joint venturers.

Net Position

In the statement of net position, equity is referred to as net position and is unrestricted.

Budgets

The Coalition is an organization formed under ORS, Chapter 190 Intergovernmental Agreement which requires the Board to adopt a work plan and budget. The Coalition is accounted for as a fund within the structure of the District, where the budget is prepared and legally adopted for the Coalition as part of the total budget for the District. The budget is prepared on a biennial basis as a separate fund on the modified accrual basis of accounting and complies with Oregon Local Budget Law. The District's resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. The level of budgetary control is established at the object classification level (personnel services, materials and services, capital outlay, operating transfers and, contingency).

3. OTHER INFORMATION

Risk Management

The Coalition is exposed to various risks of loss related to torts; theft or damage to and destruction of assets; errors and omissions; and natural disasters for which the Coalition carries commercial insurance. The Coalition does not engage in risk financing activities where risk is retained (self-insurance). Claims have not exceeded insurance coverage in the past three years.

Related-party Transactions

Management fees paid by the Coalition to the District were \$24,000 for both years ended June 30, 2021, and 2020. Reimbursements from joint venturers were as follows for the years ended June 30:

	<u>2021</u>	<u>2020</u>

Management Representation of Fiscal Affairs
Required by Oregon Regulations
For the year ended June 30, 2021

The Willamette River Water Coalition is subject to, and responsible for, compliance with various laws, rules, and regulations relating to its operations and finances. Amongst such laws, rules, and regulations are the requirements prescribed in Municipal Audit Law (ORS Chapter 297) and the Minimum Standards for Review of Oregon Municipal Corporations (OAR 162, Division 40) including, but not limited to:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions, and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Highway revenues used for public highways and roads (ORS Chapters 294, 368, and 373).
- Authorized investment of surplus funds (ORS Chapter 294).
- Public Contracts, purchasing, and improvements (ORS Chapters 279A, 279B, and 279C).

The management of Willamette River Water Coalition is aware of the requirements of Oregon laws and administrative rules concerning each of the above requirements and has complied, in all material respects, with such requirements. Further, we are not aware of any violations or possible violations of laws, rules, or regulations, whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.
